

SPECIFICATIONS

FORMAT: JPG or TIFF.

SIZES: A6 flyer: 111 x 154mm (includes 3mm bleed for trimming). Finished size 105 x 148.

PRINTERS MARKS: Please do not use trimming marks or position crosses. We only require the real file with 3 mm trimming edges.

RESOLUTION: Resolution 300 dpi (dots per inch).

COLOUR MODE: Important! The colour mode of your file must be CMYK!

PLEASE NOTE: Don't forget to add 3mm bleed all round to the final size!

In order to prevent any thin white margin being left after trimming.

Ensure text and images are at least 2mm away from the original inner edge.
